

UPCOMING STREET PROJECTS IN THE CITY OF READING

ATTENTION RESIDENTS!

There are several upcoming street improvements in the City of Reading.

Whether you drive to the store, catch a bus to work, walk to school or ride your bike to the park, it is important that the streets you travel are accessible and well-maintained.

The City of Reading strives to improve and enhance your transportation routes. As you travel across the city, you might encounter some street improvement projects in progress and experience minor inconveniences. We appreciate your patience as we improve our streets.

IN YOUR NEIGHBORHOOD

KENHORST BOULEVARD

Later this year, UGI will be replacing gas mains and laterals along Kenhorst Boulevard. When their work has been completed, the City of Reading's Public Works crews will repave Kenhorst Boulevard from Lancaster Avenue to Museum Road.

We anticipate UGI to begin their construction this summer. We hope this advanced notice allows you to prepare for and adjust to these changes.

To check the project's progress, you can visit UGI's website, choose **Community** from the bar at top of screen, **Infrastructure Projects** from choices to left of Screen, Find **Projects in Your Area**, and then choose **Reading** from the drop-down menu.

By the end of May, the City of Reading's website • www.readingpa.gov • will be updated with all details about this and several other street improvement projects coming up in the City of Reading.

We appreciate your cooperation and patience as these projects proceed.
